

NOTICE: 02-2021  
DATE: JUNE 25, 2021

## Notice to All Stakeholders

Annual Review of Industry Experience as of December 31, 2020  
For Private Passenger Vehicles

### Purpose:

The Automobile Insurance Rate Board (AIRB) is issuing this notice to advise all stakeholders the AIRB is commencing its 2021 annual review for private passenger vehicles. This review analyzes industry loss experience as of December 31, 2020 for private passenger vehicles to establish Industry Benchmarks used in the review of insurers' rate filings for basic and additional coverage effective October 1, 2021.

### Background:

Section 9 of the Automobile Insurance Premiums Regulation requires the AIRB to conduct an annual review. The AIRB believes it should be using the most current available data in its review of rate filings and as such also conducts a semi-annual review.

### Process:

Annually, the AIRB requests its consulting actuary, Oliver, Wyman Limited, to complete a first draft Review of Industry Experience (report), as of December 31 for private passenger vehicles, once the data is available.

The AIRB reviews the draft report and consults with interested stakeholders. This Notice initiates this process, and provides stakeholders a timeline of important dates and ways to participate should they wish to provide input to the AIRB.

The draft report available on the AIRB website. The AIRB's consulting actuary will review all comments received, update their report based on any new information provided by stakeholders and submit a final report to the AIRB. The AIRB will review and approve the final report, and issue a Bulletin to all stakeholders providing the Industry Benchmarks used in its review of insurer rate filings effective October 1.
